

REMARKS

Claims 81 through 93 and 96 through 99 are pending, and claims 81 through 86 and 93 have been amended as shown above. Specifically, some of the features previously recited in dependent claims 94 and 95 have been added to the independent claims in the application, and those claims are believed to be patentable over the prior art of record under both 35 U.S.C. 102 and 103. Reconsideration of the rejection of those claims is respectfully requested, and a Notice of Allowance solicited.

If a telephonic interview with the Applicants' representative would be useful in resolving any matters remaining in the application, the Examiner is invited to contact the undersigned at 651-736-4050.

Respectfully submitted,

August 17, 2010
